KINDER VAN

Our unique **kinder van** is an unusual and highly enjoyable means of transport for all our babies and enables them to travel safely together on walks around the town. Look out for the **kinder-van** around the streets of Haltwhistle and don't forget to wave back at the babies !!!

MAUSER ONE-TRACK CAR

The fact that MAUSER was no longer just a gun manufacturer in the 19th century is amply proven by the fact that it produced the now nearly forgotten MAUSER one-track car – a rather unusual means of transport by current standards. Year of manufacture approx. 1925.

A Unique Sideways Bike by Michael Killian

Unlike ordinary bicycle, the model Michael Killian's direction of movement of each wheel controlled independently, and the seat perpendicular to the direction of travel. This design gives the bike a functional similarity to the snowboard. The main characteristics of the bicycle as an efficient and simple means of transport stored, and at the same time, the model is very different from anything we've seen before.

This unique Sideways Bike by Michael Killian comes from Ireland and is one of the design entries from more than 3000 participants in the Designboom competition '

The sideways bike is a two wheel steering bicycle with independently steerable wheels that travels sideways. this steering arrangement affords a unique and distinct motion that is both entertaining and graceful; much like the motion of a snowboard. the sideways bike is an instrument of fun and play

and is best suited for children from age 7 and up the sideways bike is recognizably a bicycle, but it is recognizably different.

SEGWAYS

Have you ever thought, that you could get to one place to another in a very unusual but really fun way? Try out segway in Vilnius. Its fun, easy as you can use pavements. Segways are quite new means of transport- compact and fast to move around short distances in narrow streets, park or sightseeing paths. It is probably the best way to know old town,

have fun with it and save the energy for evening. To drive Segway can learn each! You will spend your time perfectly and look at the Vilnius from different angle. We guarantee unique sensation!
